

Cloud Physics

Fall 2014

Lecturer

Jong-Jin Baik, office: 501-422, phone number: 880-6990, email: jjbaik@snu.ac.kr

Assistant

Jaemyeong Mango Seo, office: 501-401, phone number: 880-1474, email: mangoseo@snu.ac.kr

Lecture Contents

Cloud Microphysics

Cloud Dynamics

Rayleigh-Bénard Convection

Parameterization of Cloud Processes in Numerical Models

Recent Issues in Cloud Physics Research

Grading

mid-term exam: 25%

final exam: 25%

homework: 25%

presentation: 25%

* homework: solving problems, reading and summarizing articles

Problems and articles will be given in the class.

* presentation: reviewing a particular topic of cloud physics, 20-min presentation

You are supposed to choose a topic you are interested.
