

CORRIGENDUM

HYUNHO LEE AND JONG-JIN BAIK

School of Earth and Environmental Sciences, Seoul National University, Seoul, South Korea

(Manuscript received 6 August 2019, in final form 18 September 2019)

There were errors in the values of variables k_c and b of Lee and Baik (2017, p. 1603). The values in the original article were obtained with r and R given in centimeters. If r and R are given in meters, the corrected k_c and b are 1.3543×10^{14} and -1.1135×10^4 , respectively. Note that the value of a is unchanged. Because the entire results in the original article were obtained using the corrected values, nothing other than the values should be changed.
